Dr. Bernadett Szél  
Member of the National Assembly (MP)  
Co-President of the Politics Can Be Different  
Hungary

Date: Dec 1st, 2017

Hon. Bernadett Szél,

I, on behalf of Tibetan Parliament-in-Exile and all the Tibetan people, would like to express my sincere gratitude for standing up with Tibetan national flag and raising the issue of Tibet in the Parliament of Hungary, especially in the course of Li Keqiang, the Premier of the People's Republic of China's visit to Hungary.

By supporting the Tibet's cause, you have set an example to the people of world to stand and support a non-violence and truthful cause.

As you are well aware of the deteriorating ecology and human right situation in Tibet has growing concern all over the world. The latest self-immolation death of a monk named Tenga has called out for freedom for Tibet on Nov 26th, 2017. Therefore, I urge you and your party for your continued determination and greater support to the cause of Tibet, so as to resolve the issue of Tibet soon.

I hope you will continue to encourage not only the Tibetans, but all the marginalized groups across the world and I wish you success in all your endeavors ahead.

Warmest regards,

Khenpo Sonam Tenphel  
Speaker  
Tibetan Parliament-in Exile
