Dear Enes Kanter,

Tashi Delek and Greetings from the Tibetan Parliament in Exile!

We are very delighted and grateful for your solidarity with the truth. The voice that you have raised shows how much you support truth and justice.

Since the illegal invasion and occupation of Tibet by the People's Republic of China in 1959, Tibetans are not only deprived of basic and fundamental human rights. They are subjected to brainwashing with forced labour in indoctrinating camps, while millions live in fear amid vast surveillance within their homes.

The recent transfer of Wang Junzheng CCP Secretary of Xinjiang to Tibet indicates the CCP's intention of clamping down every move by Tibetans who uphold their love and pride for being Tibetans.

At this crossroad of brutal and inhuman atrocities in Tibet, we value every single voice raised in support of our brothers and sisters in Tibet. We also invoke the conscience of every humanity to be the voice of the voiceless. Hence your stand for truth and justice and your voice gave a ray of hope for them.

We are indebted for your invaluable support and we hope you will continue to support our cause of truth.

I would like to thank you once again on behalf of the Tibetans inside Tibet and around the world.

Best Wishes

Ven. Khenpo Sonam Tenphel
